

LOCAL NEWS.

Y. M. C. A.—The regular monthly meeting of this Association was held in their room, on King street, last night, the President in the chair.

The meeting was opened with the usual religious exercises.

The minutes of the April meeting were read and approved.

The new Constitution being properly transcribed in the Secretary's book, the members present signed the same.

Mr. Thos. B. Hodgkin, of the M. E. Church, South, being proposed for active membership by the Executive Committee, was unanimously elected.

A communication from the Richmond Association was read and directed to be spread upon the minutes.

The General Secretary made his monthly report, and it was accepted.

The committees on the various activities of the Association reported favorably.

The Committee on New Hymn Book reported progress.

On motion the General Secretary was instructed to place new Bibles and a supply of tracts in the racks on the Washington ferry boats.

The Sunday prayer meeting committee were authorized to take up a special collection for the purpose of providing for the quota of this Association due at the International Convention.

An appeal was made to the workers to participate more fully in the open air service, Sunday and Friday nights.

The General Secretary was instructed to give notice next Sunday afternoon at 4 o'clock meeting that the room would be open for prayer at 12 o'clock noon next Monday, 24th inst., and that special prayer be invoked for the blessing of God to rest upon the labors of the International Convention.

After debate upon some other matters which were pleasantly conducted, and after religious exercises, the meeting adjourned with the benediction pronounced by the Rev. John P. Hubbard.

THE DOUBLE TRAINS.—Double trains will run on and after Sunday next on the A. M. & O. R. R., connecting at this place with Va. Midland trains. The trains on the Va. M. road will arrive at 4 a. m., and 4:50 p. m., and those of the A. M. & O. R. R. will leave at 5 a. m., and 5 p. m. The trains going North will also make close connections. Under the new arrangement Pullman palace sleeping cars will be attached to each of these trains which will be transferred here by a Steam Lifter, thus making no change of cars necessary between Baltimore and New Orleans—an arrangement greatly conducive to the comfort and convenience of the travelling public, and will go far to make this the favorite through line to the South and Southwest, which it should long since have been.

We understand that on and after Sunday next, but one train will be run daily between this city and Danville, because of the refusal of the Richmond and Danville road to make any schedule which the Virginia Midland road could possibly run with justice to other lines connecting with it.—*Lynchburg News.*

LEE MAUSOLEUM.—The Lee Memorial Association has decided to erect a mausoleum for the protection of the recumbent statue of Gen. Lee by Valentine, and has requested Gen. R. D. Lilley to raise the fund required to accomplish the work. The entertainment given recently by the ladies of Baltimore netted \$1,300, and the ladies of Richmond will doubtless realize a handsome sum by their entertainment the 1st of June for this object. Gen. Lilley is now in our city, and the following gentlemen have already subscribed: Messrs. Burke & Herbert, General M. D. Corse, Captain P. B. Hoce, Mayor K. Kemper, H. O. Claughton, R. M. Lawson, John S. Barbour, Dr. M. M. Lewis, Francis L. Smith, C. C. Smoot, Messrs. Smoot & Perry, Captain Thomas Perry, Major Wm. W. Herbert, John B. Daingerfield, A. H. Nott, E. S. Leadbeater, D. F. Witmer Co., Captain Herbert Bryant, Judge E. M. Lowe, Albert Stuart, Col. W. H. Chapman, J. C. Warren, S. F. Gregory and others.

AN OLD MURDER REVIVED.—About eleven months since, says the Washington Chronicle, a colored man, named Richard Williams, killed Francis Luckett, on the Giesboro' Fishing Shore, by striking him on the head with a spade, and was then arrested and placed in the Washington jail to await the action of the Grand Jury. That body never considered the case, and the prisoner was subsequently released. A few days since the same cargo called on Mrs. Jane Luckett widow of deceased, and demanded the wages for the time he had worked prior to the murder, and threatened her life in case he was not paid. Accordingly, Mrs. Luckett procured a warrant and had Williams re-arrested on the charge of causing her husband's death, and the case came up before Judge Snell yesterday, when it was postponed to secure important witnesses.

THE CASE OF YOUNG GALT.—It appears that young Arthur Galt, the defaulting bank clerk, probably has not left the country, as was at first supposed, but has gone West, at Pittsburg, Pa., he shipped by express to a relative in this city, a gold watch which had formerly belonged to his father, and which was received here Sunday morning. This gives a clue to the course he has taken, and it is not improbable the detectives who are on his track, may succeed in capturing him, and in recovering the larger portion of the money he carried with him in his flight.—*Lynchburg News.*

PUBLIC PRINTING.—It having been insinuated, apparently with a prejudicial object, that the Gazette had received from \$1,500 to \$1,800 per annum from the Corporation for advertising, it is only necessary, in refutation, to state that the amount paid to this office for advertising the Council proceedings, laws, proceedings of the Board of Health, tax collectors and other officers' notices, public property rentals; in fact everything except the last tax sales, for which there was a special order, was, from 1872 to 1873, \$553.50; from 1873 to 1874, \$663.42; and from 1874 to 1875, \$523.34, or a total for three years of \$1,640.26. It is most repugnant to us to parade our personal affairs before the public, but in this instance we deem it but just to make this statement.

LANGLEY MISSION.

—The Episcopal Mission at Langley, in Fairfax county, is proving successful. Langley is six miles west of Georgetown and twelve miles north of the Theological Seminary. A mission was commenced there in 1868 by Mr. Hepburn, of the Seminary, and from that time to the present, carried on by a succession of Seminary students, it has steadily increased in numbers and influence. In 1870 was commenced a church-building, which was delayed for want of means; but it was now completed to hold services in it last January. The church, when finished, will be quite a handsome one, being a frame building well proportioned and of a high pointed roof. A large congregation attend the services held there, and a flourishing Sunday-school is connected with the Mission.

TRAINS ON THE VIRGINIA MIDLAND RAILROAD.—We understand that on the 24th a new schedule will go into operation on the Virginia Midland railroad, the train that leaves here at 12 o'clock at night for Lynchburg starting at about 7 o'clock in the evening. The present Warrenton accommodation train will be suspended, but instead connections will be made at the junction with both the morning and evening trains on the main line, and thus the facilities be greatly increased for communication between Warrenton and this city. An accommodation train will be run from Manassas to this place, leaving Manassas in the morning and here in the evening—a great convenience.

KANSAS GRASSHOPPERS.—Mr. Valentine Baker, who lives at Wellington, a short distance below the city, has sent to this office some specimens of the grasshoppers which have already made their appearance upon his farm. They are about four times the size of the indigenous insect, and when flying make a noise almost as loud as that made by a partridge. The prevailing drought, the Colorado potato bug, and the Kansas grasshopper make the farmers and gardeners gloomy and dispondent.

DWELLING BURNED.—Bleak Hill, in Westmoreland county, the residence of Mrs. Sarah S. Robinson, mother of Mr. Geo. H. Robinson, of this city, was burned to the ground last Monday. The furniture, &c., was saved by the family with the assistance of the neighbors. Mrs. R. is eighty-four years of age, but was perfectly self-possessed, and gave instructions, while the fire was burning, as to the disposition to be made of the effects saved from the flames.

ROBBERIES.—The stables at the Poor's House were robbed last night of all the harness they contained, and new sets had to be purchased for the horses this morning.

The basement of the dwelling house of Mr. F. E. Corbett, on north Fairfax street, was entered by thieves last night and robbed of some pieces of bacon.

POLICE REPORT.—The following cases have been reported at police headquarters since yesterday afternoon: Wm. Sturgess, a blind, deaf and disorderly stranger, was allowed a reasonable time to quit the city; Thomas Douglas, colored, for assaulting John Pice, colored, and also for disorderly conduct at the 3rd colored Baptist Church, was fined and discharged.

REDUCTION IN RAILROAD FARE.—The Baltimore and Potomac Railroad Company have announced a reduction in the rates of fare between Washington and Baltimore. Commencing to-day, the fare will be fifty cents for single passage and seventy-five cents for a round trip, good only for the day on which it is issued.

FRESH FISH.—Among the varieties of fresh fish in market this morning were shad, herring, rock, white perch, sturgeon, mackerel, sheepshead and tailors—from which almost any taste could be gratified. They were, and others of the same sort, will be to-morrow, for sale at the benches of Johnson & Co.

PROPOSED RACE.—The Washington Tribune says, "it is said that the owners of the steamer Keyport intend issuing a \$1,000 challenge to the owners of the steamer Jane Moseley. Persons who were on the Jane Moseley on Sunday when she raced with the Keyport say she can beat the Keyport on all occasions."

[COMMUNICATED.]

The attention of the police is asked to the noisy crew who assemble in the Mulberry Lot, south end of Lee street, near the ship yard, every afternoon. The noise and disturbance are very great.

The cheapest collar you can wear is the Elmwood, because it will keep clean longer than any other. Try it.

The "woman's friend" is what Dr. Bull's Vegetable Pills may well be termed, for every woman that has once used them will not be without them.

Dr. Bull's Cough Syrup has been before the public for years, and is pronounced by thousands superior to all other articles for the cure of Coughs, Colds, Influenza and all Pulmonary Complaints.

Canada.

MONTREAL, May 19.—H. Davis & Co., dry goods merchants, have called a meeting of their creditors. Liabilities reported to be heavy.

OTTAWA, May 19.—The Government has received advices from the northwest mounted police to the effect that the black feet Indians, who occupy a reserve stretching to a considerable extent along south of the Canadian boundary, made a raid recently into the Canadian territory and stole a large number of horses, in one case clearing out an Indian encampment completely of all its horses. The thieves were pursued but managed to escape. The Dominion Government has directed the attention of the Government at Washington to the matter, and called upon it to preserve the same order south of the line as is maintained in the Canadian territory. The raiders came from the eastward, making a long detour and sweeping everything before them.

The Whiskey Seizures.

NEW YORK, May 19.—A small quantity of the alleged Crooked whiskey was seized yesterday in Brooklyn.

The Tilton-Beecher Suit.

NEW YORK, May 19.—Long before the opening of the Court this morning, the room was unusually crowded reminding habitual attendants of the early days of trial. The number of ladies in attendance, however, was greatly diminished. Mr. Tilton, came in five minutes before the hour, and was closely followed by Mr. Beecher and his wife. The defendant chatted and laughed with those of the Plymouth gathering in his immediate vicinity. Before the jury were called Judge Neilson, instructed the audience to keep perfect silence as any noise would interrupt the speaker. Ex-Judge Porter, then arose and began his summing up for defence.

Mining Troubles.

TYRONE, Pa., May 19.—Ningo Parks, the agitator, was arrested to-day at Osceola. Mr. Fisher has arrived from Huntingdon with fifteen men bound for the Franklin mines. Many men have gone to work and all is quiet to-day.

AUBURN, N.
